

KYLE & KELSEY

Dear Birthmother

Thank you for taking the time to get to know us and for considering us as a forever family for your child. We are Kyle and Kelsey and we are from a small town in Kansas. We are so excited to have this opportunity to add a daughter to our family!

We know this decision is not an easy one for you but we know it is one you are making out of love. We are so thankful that you have chosen to bless a family through adoption.

about US

We met in Oklahoma in 2004 and got married in 2008. We decided right away we wanted to start a family. We now have three little boys; Eli is 6, Greyson is 5, and Asher is 3. We know we have been blessed many times but we consider them to be our greatest blessings. We share responsibilities with our children and household chores.

We love working in the yard together, spending time with our friends at cookouts and game nights, and watching sports together. When we have time we like to travel to the lake and go fishing. *We are happiest when we are spending time together!*

our WORK

Kyle has been a firefighter since 2007. He loves his job and excels at his work. He was also recently chosen to be part of the chaplain team for the Department. He is the station cook and enjoys being able to come up with his own creations for meals. He is also a part time driver for a delivery company. **Kelsey is living her dream of being a stay-at-home mom!** As far back as she can remember that is what she has always wanted to be. She is very grateful to Kyle for his willingness to take on two jobs so that she can stay home and raise their children.

WHAT WE LOVE TO DO for fun!

► **Kyle** loves to go hunting, camping, fishing, play chess and work in the yard.

► **Kelsey** likes to do creative projects, bake, drink coffee, and work in the yard.

Together we love to spend time with our boys doing whatever fun activity we can think of. Our favorite place to go on vacation is Branson, Missouri. We both visited there as kids and we love being able to take our own family. We also enjoy helping the boys collect pressed pennies from different places we visit! We are so glad to be able to make so many memories together.

OUR LOVING family

Kyle's parents, Dave and Lisa, have been married for 36 years and live about one minute down the road from us. He has one brother and one sister who are both married, each have four kids, and they all live in Texas. We all get together two or three times a year and we enjoy spending time catching up, and watching all the cousins play together.

Kelsey's parents have been married for 35 years. She has one brother who is married and has 4 kids, one sister who has 2 kids, and another sister who is 17 and a junior in high school. Her whole family lives in Arkansas. Kelsey and the boys travel to Arkansas many times a year and we are always so grateful for time we get to spend together!

a little about KELSEY

My wife is an amazing person. **She is a mother of three boys and she puts everyone else's needs in front of her own.** She is a true Christian servant and is the most selfless, caring person I know. She works hard at home and devotes all of her time to the happiness of others. **She is funny, a little silly, honest and trustworthy.** Kelsey will make a perfect mother to another child. **Her desire for giving a child love and providing a good and proper home will show every day.** She is my best friend. I cannot imagine being without her and I thank God every day that she's in my life.

a little about KYLE

There are so many good things I could say about Kyle. **He is thoughtful, incredibly giving, and always willing to help.** He loves to cook and is often in charge of cooking for everyone at the fire station when he is at work. He enjoys spending time at our family farm and goes there frequently with his Dad. **Kyle loves to spend time with the boys playing outside or having a movie night inside. He introduces them to new music and they love to sing together.** Our boys love wrestling with him and reading stories together. **He is a wonderful leader for our family and always makes sure we are taken care of.** We couldn't ask for anyone better!

MEET THE BIG brothers

Eli is 6 years old. He enjoys playing soccer, coloring, singing, and building with legos. **He is very tenderhearted, always looks out for others and is a great comforter.** He loves to learn, is always full of energy, and **has a laugh that is so contagious!**

Greyson is 5 and so loving. **He will stop what he is doing just to come find us and give us a kiss and hug.** He enjoys helping and always wants to unload groceries and fold clothes. He loves to play with his brothers and he sings all the time. **He is almost always happy and loves to laugh!**

Asher is 3. He is curious, fearless, and always has a smile on his face. **He loves people and is always saying "hi" to everyone when we are out in public.** He loves exploring and would play outside all day if he could. **He is very affectionate and loves to give hugs and kisses and snuggle at bedtime.**

All three boys are so thrilled to have a sister and be her protectors. They are always asking us when she will be here and will tell us throughout the day about things she can do with them, like play with their toys, or help us plant flowers. We cannot wait to bring her home to them!

WE LOVE HALLOWEEN!

our HOME & COMMUNITY

We live in a cozy home in a small town. **Our living room is our most spacious room and that's where we spend most of our family time together. It is a room that is filled with laughter, lots of singing, and special moments with our boys that we will always cherish.** We live within walking distance of our library, schools, and several parks. **We also have several friends and relatives that live just minutes away.** We are lucky to get to experience several months of each season and our street is beautiful in the fall! Every fall our town has a festival and it is something we look forward to all year long!

in CLOSING

We want to express our thankfulness for choosing life for your little girl. **If you should choose our family to care for your daughter we promise to always have a home full of happiness, laughter, love and so many hugs and kisses!** We will help her grow to be a person who loves God and wants to share his love with others. **She will always know about you and know that your decision to place her in our arms was the perfect example of selflessness and love.** She will always feel loved and always know how thankful we are that you blessed us with such a wonderful gift.
